Bridal Reviews

"Choosing MKleinmanArtistry to provide makeup services for my wedding party was one of THE BEST DECISIONS I made throughout the entire wedding process! Maggie's work is exceptional- just look at her portfolio, the work speaks for itself! The product quality was fabulous, application NEVER bugged, but yet was extremely comfortable and wearable through the entire day/evening. Not only did Maggie provide stellar quality, professionalism, and service (she is INSANELY talented) to my entire bridal party, but she also literally saved my wedding day. She facilitated a solution (way above and beyond) to a crisis with my veil that was unwearable the morning of my wedding. She is one of the most talented, compassionate, kind, and enjoyable people in the business."

"Maggie is simply the best! I never looked or felt more beautiful than I did on my wedding day and it's thanks to her. After my trial knowing she would be doing my makeup was such a stress relief. She is extremely talented, fun and easy going, prompt, will listen to what you want, and create the perfect look. You will wish you could have her in your life everyday. The night before my wedding I was so excited I hardly slept and was looking a little tired. Maggie still had me looking my best and my makeup lasted perfectly all day and night. Everyone who's makeup she did was so impressed with her and her work. She not only made us all look so beautiful she is part of nice memory of coming to us and getting us all ready together. I am so thankful I had her that day!"

"Booking Maggie to do makeup for me and my bridal party was a no brainer! She was so easy to communicate with off the bat, and very understanding of my gibberish description of my bridal vision- I've never felt more beautiful! The morning of the wedding, Maggie's humorous yet calm attitude really helped set the tone for a fun and relaxed morning, and her, along with her assistant were beyond accommodating and professional. We all had so much fun and there were zero bridal nerves on my end! I cannot recommend Maggie enough!"

"Sam from Maggie's crew was our makeup artist for my big day. She was fantastic. Everyone looked amazing, she listened to everyone's needs and wants and did exactly what everyone wanted and what would flatter them. She worked with a variety of ages and people who haven't worn makeup in 20 yrs and made everyone comfortable. Everyone had their own unique and special look. Not only was her work amazing, she was polite, professional and friendly. We all enjoyed having her with us as we got ready for this special day."

"Maggie did my makeup and my bridesmaids for my wedding. Not only did it look even better than I hoped, it looked exactly the same when we finally called it a day at 2 AM. She was professional and stuck to the schedule also...did I mention my makeup looked flawless? Book her and book her in advance-you'll need to!"
